Type 1: Perlweine & Sekte

Austria can look back on a venerable tradition of sparkling wine, one that dates back to the 19th century. Our specialists in the sparkling sector include private producers, as well as large Sekt houses. Whether Sekt g.U. at the Klassik level or the traditionally vinified pétillant naturel (Pét Nat), these wines are ideally suited not only to the classic role of apéritif but also prove their versatility as dinner-table companions. Fruit and refreshment share the foreground in these easily drinkable light sparklers (Perlwein) and Sekts.

Type 2: Sekt Méthode Traditionelle

Traditional bottle fermentation is the most time-consuming and costly process for making sparkling wine: it takes a lot of time, and the typical 'riddling' of the bottles during ageing is often performed by hand. Austria's top products – especially Sekt g.U. Reserve and Grosse Reserve – are produced according to this method. The result turns out as characterful and highly elegant Sekts, which do not need to fear any international comparisons.

Type 3: White wines - classic & refreshing

Classic white wines from Austria get top marks for their freshness and fine acidity – which they combine with considerable elegance in a middleweight frame. These can be found in all our winegrowing regions: refreshing and regionally typical Grüner Veltliner & Riesling from the regions along the Danube River, delicious Wiener Gemischter Satz DAC, classic Weissburgunder & Chardonnay from Burgenland or spicy Welschriesling & Sauvignon Blanc from the Steiermark. Youthful wines such as Junger Österreicher, Steierischer Junker or Junger Wiener are the first to appear on the calendar in the classic & refreshing category, and can be tasted soon after the harvest.

Type 4: White wines - powerful & opulent

These stars of Austrian white wine culture are vinified dry, exhibiting body and extract, opulence and concentration. In addition to the majority of classically elaborated wines, here you will also find wines matured in barrique with a bit of an international accent. Among the elite one finds single-vineyard wines vinified from Grüner Veltliner and Riesling (like Smaragd bottlings from the Wachau), and top wines from regions along the Danube or from the Weinviertel. Other very distinctive vinous personalities include robust Zierfandler and Rotgipfler from the Thermenregion, as well as complex Weissburgunder and Chardonnay from Burgenland. This category is rounded out by the great single vineyard wines from the Steiermark (Sauvignon Blanc, Morillon, Weissburgunder & Grauburgunder), as well as specialties such as Neuburger, Roter Veltliner and the Gemischter Satz from Vienna.

Type 5: Rosé wines

Rosés are produced in all winegrowing regions of Austria and assume many forms: charming, youthful wines from Burgenland, or fresh stylings vinified from Zweigelt and Sankt Laurent in Niederösterreich, all the way to racy Schilcher from the Weststeiermark (some designated as a regionally protected Weststeiermark DAC). Burgenland also has its own protected appellation of origin for fruity-fresh and spicy rosé wine: Rosalia DAC Rosé.

Type 6: Red wines - classic & elegant

Red wines in the classic style – with élevage either in large wooden cask or steel tank, with typical Austrian fruit but also plenty of depth, without being too high in alcohol – which express the typicity of their origins, with elegance and an inviting nature. Zweigelt plays an important role, since it grows quite happily in almost all viticultural regions – though Carnuntum comes up first here – and classically vinified Blaufränkisch can also be convincingly distinctive. This group is rounded out by specialties such as Sankt Laurent, Blauburgunder (Pinot Noir), Blauer Portugieser & Blauburger.

Type 7: Red wines - intense & opulent

These are red wines that possess opulence, concentration, complexity and depth, vinified either as single varietal wines or as cuvées. Even with aging in barriques, these top wines are characterised by the typical depth of fruit characteristic of their terroir. The premiere destination for red wines of this sort is Burgenland – although top red wines can also be found coming from Carnuntum, the Thermenregion or even Vienna. It is satisfying to note that our typical Austrian grape varieties such as Blaufränkisch & Zweigelt might even do just a bit better here than classics like Pinot Noir and the international varieties Cabernet & Co.

Type 8: Alternative wines

A precise definition of 'Orange Wines', 'Artisan Wines' or 'Natural' wines – often referred to collectively as 'Alternative Wines', does not exist. What they have in common, however, is that they often develop as far as possible without human intervention during their process of becoming wine. Owing to oxidative development and/or extended maceration time, the white wines will also develop a distinct tannin structure – and even some colour from the skins – in combination with fresh acidity and earthy fruit. Growers who produce exceptional wines in these new – or actually old – ways can be found in all of Austria's winegrowing regions.

Type 9: White wines - off-dry & medium-sweet

Wines in the upper Spätlese or Auslese class rank among the most ageworthy wines in Austria. In their youth they exhibit a great deal of finesse, combined with supple residual sweetness and a lively interplay between fruit and acidity. The palette ranges from Muskat Ottonel or Welschriesling from Burgenland, via (Gewürz)Traminer from the Steiermark, Grüner Veltliner and Riesling from various winegrowing regions, to the great Spätlesen or Auslesen vinified from the specialty varieties Zierfandler and Rotgipfler in the Thermenregion.

Type 10: Nobly sweet wines

These include Beerenauslese and Trockenbeerenauslese, as well as the classy and refined Ruster Ausbruch. These rare sweet wines are characterised by ample residual sugar and highly concentrated acidity, usually in conjunction with the distinctive aroma of noble rot (Botrytis cinerea). Such wines continue to develop in an exciting way over a long period of time and have great ageing potential – and Austria plays here in the Champions League. Eiswein with expressive, luxuriant fruit and sizzling acidity – as well as Strohwein and Schilfwein, which exhibit flavour profiles between Botrytis and Eiswein – also belong to this category.

Allram has been one of the leading wineries of the Kamptal for decades, with holdings of Riesling and Grüner Veltliner in the famous vineyards of Heiligenstein, Gaisberg and Renner. For the owners Michaela and Erich Haas-Allram, the main factor of producing exceptional wines is to be found already in the vineyards. The cellar is now run by Lorenz, the new generation. His goal is to harvest the very best fruit, show real varietal character and to produce wines with intensity and finesse. Riesling thrives in Lorenz's hands, with the 2016 Gaisberg winning 97 pts at the International Wine Challenge in London receiving the white wine trophy.

Bründlmayer manages vineyards in the best locations around Langenlois. All of the vineyards have been cultivated sustainably since 1979 and in a biological-organic fashion since 2015. Among the Grüner Veltliners are stars like "Loiserberg", "Lamm" and "Käferberg". Among the Rieslings "Steinmassl" competes with the elegantly structured "Heiligenstein". The "Alte Reben" and "LYRA" of the Heiligenstein embody terroir and concentration. Hugh Johnson quotes "Bründlmayer Brut" as "Austria's Best Sekt". Zweigelt, Pinot Noir and Chardonnay belongs to Bründlmayer's acclaimed specialities as well as the rare sweet wines. "Almost every wine, from the lightest Grüner Veltliner to the red wine and the sparkling wine has what it takes to be the best of the vintage in its category." (Falstaff)

Tradition and experience knowledge of parents and grandparents is the basis and strength of every family winery. Nevertheless, the future lies in the hands of the young winemakers. Each generation of winegrowers has to discover its terroir anew and interpret it for itself personally.
The research drive of Stefanie and Alwin Jurtschitsch goes far beyond the classic organic guidelines. Thus, intelligent solutions for the future of sustainable farming are sought and researched. Alwin and Stefanie Jurtschitsch produce some of the most exciting white wines in the Kamptal. They are not loud, opulent wines - but understatement is the order of the day. Vibrant and energetic, both the classical Cru wines and their natural wines precisely tell the story of their origin and the winemaker.

For several years now, Fred Loimer has been ranked amongst the best white wine producers in Austria. In 2002, he was named Winemaker of the Year by Austria's Falstaff wine magazine.
"I like to surprise myself" says Fred Loimer. He definitely is and always was - good for surprises! Such as in 2000, in Langenlois, where he wedded a historical brick vaulted cellar with a minimalist black cube, thus creating a lovely architectural cellar ensemble. Or, in 2006, when he began to apply bio-dynamic methods to his vineyards. With that, Loimer founded one year later with fellow winemakers the respekt BIODYN association, which focuses on the continuous and consistent implementation of biodynamic principles in viticulture.

Rudi Rabl is happy about the traditional history of his family winery, dated back to 1750. The love for nature and grapes, the ecological work in the vineyard with herbal plants and the knowledge of the professional processing ensure an excellent quality of the different types of wine. In the basement, modernity is combined with traditional values. Ecology is an important factor and the winery has been certified as "Sustainable Austria" since 2015. Among the highlights of the awards in recent years is the “White Wine Maker” of the Year 2019 at IWSC in London, the two Decanter Trophy Winners Grüner Veltliner Dechant and Riesling Steinhaus, as well as the 2017 regional winner in the Riesling and Sauvignon Blanc categories. In addition, the winery was awarded "Winery of the Year" in Kamptal

SCHLOSS GOBELSBURG is the oldest winery in the Danube appellation Kamptal with a documented viticultural history dating back to the 12th century. Cistercian monks from Burgundy received their first vineyards in 1171. Today the estate is concentrating on the typical expressions of the Danube appellations in all categories (regional, village, single vineyard). Beside the classical Danube wines, the estate is producing a few specialities like quality sparkling wine (4 cuvees), a few red wines based on the Pinot family and some sweet wines. Another speciality is historical winemaking which is the content of the TRADITION wines. The estate is member of the association 'Österreichische Traditionsweingüter' , who is establishing a vineyard classification system in Austria.

Winzer Krems is one of the most significant producers of estate bottled quality wine in Austria. Its origins go back to the oldest wine growers association of central Europe founded in 1447. Until today WINZER KREMS guarantees the highest quality standard and maintains wine as a valuable cultural asset.
According to this tradition the grapes are still exclusively handpicked. Winzer Krems specializes in two unique Austrian grape varieties: Grüner Veltliner (white) and Blauer Zweigelt (red).
State-of-the-art equipment is used to extract the juice most carefully by pneumatic presses and to ferment under controlled temperature. The results are fine fruity wines with pronounced varietal character and pureness.

Domäne Wachau, lead by Roman Horvath MW and Heinz Frischengruber, has developed into one of the top-wineries in Austria, with an excellent range of Wachau wines that beautifully reflect origin. World-famous vineyards such as Achleiten, Kellerberg and Singerriedel are just a part of the wealth of top sites managed by Domäne Wachau. The work of the vintner families is of crucial relevance to the entire winery. With many of these families active for several generations on the steep terraces of the Wachau, they know the special features of each vineyard plot. Through their loving attention to detail combined with enormous experience, they ensure that there is ecological balance, promote the diversity and increasingly rely on organic farming.

DÜRNBERG

Were one to seek a typical representative of the Weinviertel, one would certainly find this in Weingut Dürnberg. The wines embody all the virtues that international wine consumers expect from Austrian wine: crystal clear fruit, crisp elegance, charming varietal character and light- footed mineral expression. This is achieved because Christoph Körner avoids from cloying voluptuousness and focuses instead on elegance and freshness. Respectful cultivation and gentle guidance in the cellar result in wines with authentic character. After winning his friends Georg Klein and Matthias Marchesani as partners, Weingut Dürnberg gained momentum in serving the international market. The friendly professionalism of the trio puts the future of one of Austria's most promising wineries on a steady course.

Winemaker Ingrid Groiss

Passionate, emotional and determined. These are the three words I would choose to describe myself when it comes to wine making.
Although my education and first experiences in the working world lead me on different path I soon realized where my true roots lie and what my heart beats for: carrying on with the family tradition making quality Austrian wine. The recent positive developments in the Austrian Weinviertel have encouraged me to pursue my goal: creating fine wines with passion and care, each with its own distinctive signature and the utterly unique taste of our region.Tasting my wine you will discover that each bottle embodies the spirit and character of the Austrian Weinviertel.

Hannes Sabathi was born in 1980, and his love for wine was evident right from the start. 2003, he completed his wine growing and cellar master education. Hannes took over the entire family winery from his parents.
He strives to let each variety from every vintage reflect true individual character. At the same time, he dreates wines that have a Sabathi trademark going through them.
Classic, Site-specific, reserve " I want to make wines shich, even after 30 years, speak a clear language; wines that show a line, a philosophy."
Uniform wines bore Hannes Sabathi. He believes a wine should have corners and edges. In fact, it doesn´t have to please everybody, and even should be allowed to irritate and challenge the wine drinker!

The Hajszan Neumann winery is located in Vienna's most famous wine-growing district, Grinzing, at the foot of the Nussberg. Much passion is invested in certified biodynamic viticulture to yield elegant, unadulterated wines with authentic expression. Fritz Wieninger, pioneer of quality wine production Vienna took over management of this winery in 2014 where he concentrated on the production of Wiener Gemischter Satz, Riesling and Grüner Veltliner. The vineyards, most of which are owned by the star architect Heinz Neumann, are located in the best sites of Vienna with the Nussberg playing the leading role. The mineral-rich marine limestone and weathered calcareous soils impart wine expressive character.

WEINGUT HEINRICH HARTL III

Heinrich Hartl III is a leading producer in Austria's Thermenregion, bordering Vienna's South. Terroir there shows many parallels to France's Burgundy, though wines of top quality still meeting reasonable price points can be found. The Hartl's 16 ha (40 acres) of vineyards are spread throughout the region, allowing the family to grow what works best in specific sites. Top red wines are mostly from Pinot noir and Sankt Laurent, while the white indigenous specialties Rotgipfler and Zierfandler convince with their elegant structure, complexity and ability to match rich and/or spicy dishes. These hidden gems from historic vineyards are true aces up every sommelier's sleeve. Heinrich's wines have gathered accolades at home and abroad and inspire wine lovers seeking for something special.

Here in the Thermenregion south of Vienna lies Johanneshof Reinisch. Vineyards are planted with 65 % red and 35 % white vines. There is a strong link between tradition and modernity, with vineyards growing on excellent soil, the most advanced technology of our time, and the experience of generations that have always had high ambitions for the present and the future. There is a particular focus at Johanneshof Reinisch on the Burgundy varieties such as Chardonnay, Pinot Noir and St. Laurent. In the area of Gumpoldskirchen the indigenous grape varieties Rotgipfler and Zierfandler are cultivated. The Reinisch family is producing wine in the fourth generation.

Together with her parents Franz and Christine Netzl, Christina vinifies profound wines with a strong character & rich in finesse from the family's own vineyards around Gttlesbrunn, in the heart of the Carnuntum region. The personal goal as a member of the Austrian traditional wineries is to work out the uniqueness and typicities of the individual grape varieties with a focus on their origin - above all, the most important single vineyard wines. The basis are the vines and therefore the cultivation of the vineyards according to organic guidelines. While Franz contributes his experience, his knowledge & tradition, Christina provides new ideas & innovations - in short, they complement each other perfectly and it is precisely this combination that forms the unmistakable basis of Netzl wines.

ESTERHÁZY WINERY - Pannonian diversity in the glass

For more than 250 years the cultivation of wine has been embedded in the genes of the House of Esterházy which has always been culturally and in particular culinarily firmly rooted in the Pannonian region.The first class wines reflect the rich and independent character of the Leithaberg DAC region. So as to ensure that one hundred percent of this character is retained in the glass, emphasis is placed on the terroir of the best locations, international know-how and the most modern production technology.

The range of wines has been honoured by awards in Austria and abroad: Sparkling, Classic, Estoras, Leithaberg DAC, single cru wines full of character and Tesoro, the

Steep hillsides, rough winds coming down from the forests in the mountains. Radiant, steady heat reflected up from the lake. Hot and dry, cool and windy – so very contradictory yet somehow unified. This extraordinary interplay of mountain & lake, in combination with the diversified types of soil, is what determines the character of the wines. This is what makes the Leithaberg so distinctive.

Attentive observation of nature, biodynamic cultivation, unbridled biodiversity above and below the earth's surface: Gernot and Heike Heinrich's idea of terroir wines is based on a deep understanding of the diverse living environments within their vineyards. The aim is to create a natural balance in which vines, people, plants and animals act in symbiosis and form the decisive elements of a whole. The natural prerequisites are cool steep limestone slopes on the Leithaberg, a modulated topography with a warmer climate near the winery in Gols, and a handful of autochthonous grape varieties led by Blaufränkisch. Undogmatic, handcrafted vinification gives the wines the freedom to speak of their origins in an unadulterated and clear voice. They lay the foundation for continuous evolution.

The Hagn winery in Mailberg Valley
People in the little hamlet of Mailberg, situated in the Northwest of the Weinviertel have been growing grapes for centuries. The vineyards are located on the slopes of the Kettle valley and provide the perfect protection against the biting north wind, yet also allow for constant sunshine. The annual rainfall in Mailberg measures 500 mm on average.
The limestone soil with its clayey sands and in loess contributes to the excellent quality of grapes. This quality is also guaranteed by the authorised seal of quality "Mailberg valley".
Mailberg has approximately 600 inhabitants.
The Hagn winery is a family business, with 50 hectares of vines, which are located in the best parts of Mailberg.
